

Good afternoon,

I'm applying to come and live with you in your lovely home to help you both by immersing you in my home language, English.

I also speak Italian, fairly good French and Kiswahili.

I am of Italian(my Dad)and English heritage and I was born in Mombasa, Kenya. My Mum was English.

I have an Italian passport and I live in Cape Town with my two children that are now old enough to be independent, I still have relatives in Italy and Kenya. We moved to South Africa many years ago and we are very happy here.

My grandfather was from the Emilia-Romagna region and my Italian family live in and around Torino & Lago Di Garda and also in Ancona, Le Marche.

I have travelled and visited many places and now that my children are grown up, I would like to travel again and spend some time overseas.

I have lived in Geneva twice and whilst I was there, I worked for a company called International House where I was teaching English to adults which was fun and rewarding. My clients included Rolex and UBS Bank. I taught in groups and on a one to one basis. I am currently teaching English on a volunteer basis at an underprivileged school to 8 & 9 year olds.

I have a Swiss driving licence if needed.

I can teach you to cook some South African and Kenyan dishes and help improve the English of all family members. I would love to have an idea of what a day in your life and home would be like and what your expectations would be for me. Perhaps we could meet over a WhatsApp video call?

I'm mature, independent and easy going .

I am serious about this application and if successful, I will be buying a ticket from Cape Town.

I look forward to hearing from you and answering any further questions you may have.

Kind regards,

Sarah
